KNIGHT TO EXHIBIT AT OTC

Offshore Technology Conference
May 2-5, 2011 • Houston, TX

Knight Oil Tools will mark its fifth year as an OTC exhibitor with expanded booth space that showcases all aspects of Knight Oil Tools – oil tools, manufacturing, fishing services and well services.

Knight Oil Tools will feature a working model of its new Megaton™ Drilling Jar as well as its Pipe Cleaning Machine, Thread Protector Cleaning Machine, Transfer Conveyor, Lathe Refacer and Pipe Basket.

You'll find Knight Oil Tools in the Reliant Arena (booth 8115). You can follow the link below to map the Knight Oil Tools booth location.

“As a U.S. company with worldwide operations, it is imperative that we have a presence at OTC,” said President Mark Knight. “OTC is the largest oil event in the world. There is no other place where you have the opportunity to get in front of more than 60,000 oil and gas professionals from nearly 120 countries.”

Focused on providing “zero-failure” equipment and service for 40 years, Knight Oil Tools has grown to include Fishing Services, Well Services and Manufacturing. The company is the largest privately held rental and fishing tools business in the oil and gas industry. Knight Oil Tools maintains an extensive inventory of high-quality products for safe, efficient and productive oilfield projects.

Operating from more than 30 locations across eight oil-producing states, Knight Oil Tools serves all phases of a well's lifecycle from exploration to abandonment. For more information, visit www.knightoiltools.com.
