Knight Manufacturing Conforms to New API Specification

Since 2006, Knight Manufacturing LLC, now based in Broussard, LA, has held the accreditation for Specifications API 7-1 and 5CT “threading.” In September 2015, Knight Manufacturing LLC, Broussard gained accreditation for Specification API 7-1 to supply and monogram Kelly Valves and drillstem subs.

This accreditation means Knight Manufacturing has added another range of high-precision tools and equipment to an already existing line available to the oil and gas market. Other equipment available from Knight Manufacturing includes drilling jars and energizers, shock tools, fishing jars, bumper subs and anchors, to name a few.

Knight Manufacturing uses top-of-the-line equipment, including the latest CNC machines and fabrication services. With the benefit of our in-house Design and Engineering department, we provide the finest standard and custom tools and accessories to the oil and gas industry. All of these services, along with our many years of experience, enable Knight Manufacturing to provide the same level of excellence that is represented throughout Knight Oil Tools—ensuring the highest standards of quality, performance, safety and technology.

A full range of Knight Manufacturing equipment and services is available on the Manufacturing page of the Knight Oil Tools website.

For more than 40 years, Knight Oil Tools has been providing “zero-failure” equipment and services to the oil and gas industry. With more than 50 locations, Knight Oil Tools has grown to include Rental Tool Services, Fishing Services, Manufacturing, Inspection and Hardbanding, and QHSE Training and Consulting—making it the largest privately held rental and fishing tools company in the world. Company Spotlight

Slumping drilling activity and price pressure in the oil and gas industry have made it difficult for companies industry-wide in 2015. As we look to the new year, we will continue our commitment of excellence to ensure that Knight Oil Tools remains a leader in our markets. Now is the Season to give thanks and celebrate Christmas. Merry Christmas and Happy New Year to our customers, suppliers and employees.

This seal symbolizes our **Promise** to ensure **excellence** through safety and quality; **integrity** through trust and values; and **leadership** through accountability, innovation and technology for its employees, customers, products and services.
