Knight Oil Tools Names New Team to Lead U.S. Operations

Mark Knight, President and Chief Executive Officer of Knight Oil Tools, announced a realignment of the company's U.S. leadership team.

Mickey Broussard, Vice President of Fishing Services and Rental Tool Services, has been promoted to the position of Chief Operating Officer of Knight Oil Tools U.S.A. In his new role, Mickey's focus will shift from operations to overseeing, at a strategic level, the company's overall sales, business and operations of Knight Oil Tools U.S.A.

In related executive leadership moves, Sid Lyons, Vice President of Sales, has been promoted to Executive Vice President of Knight Oil Tools U.S.A. Sid's primary responsibility will be to ensure alignment of U. S. sales, business and operations.

Franklin "Paco" McLaughlin has been promoted to Senior Vice President of Operations for Knight Oil Tools U.S.A. In his new position, Paco will be responsible for operations of the company's business units in the U.S., including Rental Tool Services, Fishing Services, Manufacturing, Tri*Drill Services, Well Services and Advanced Safety.

Nicholas Knight has been promoted to Senior Vice President of Global Resources. Nicholas will report to Mickey Broussard but his responsibilities will be global. He will continue to implement Knight Oil Tools' policies and procedures worldwide. Reporting to Nicholas will be Chris Rosson, who was promoted to Director of Global Business Administration; Barret Lemaire, Director of Information Technology, and Chris Camos, Vice President of Real Estate and Construction.

Operating from more than 50 locations across 11 oil-producing states and internationally, Knight Oil Tools serves all phases of a well's lifecycle from exploration to abandonment. For more information, visit www.knightoiltools.com.

Company Spotlight

Knight Oil Tools exhibited at the SPE/IADC Drilling Conference held recently in Amsterdam. The conference was attended by approximately 2,000 of the top global drilling professionals. The show generated interest in the Megaton™ drilling jar and casing exit systems.
