Knight Oil Tools Announces Executive Changes

Mark Knight, President and Chief Executive Officer, announced the promotions of Doug Keller to President, Knight Oil Tools International, Nicholas Knight to Vice President of Operations, Knight Oil Tools U.S.A., and Chris Rosson to Sr. Vice President of Global Resources.

In his new position, Doug Keller will oversee Knight Oil Tools' ongoing international business operations and will be responsible for the continued growth of new global markets. Doug has been with the company since 1988, and has served on the Knight Oil Tools' Executive Management Team for more than ten years. Most recently, he was the Executive Vice President of Global Strategic Business Development and Marketing.

As Vice President of Operations, Nicholas Knight will be involved in the business and operations of Knight Oil Tools' Rental Tool Services, Fishing Services, Manufacturing, Tri*Drill Services and Advanced Safety service lines throughout the United States. Nicholas began his employment with Knight Oil Tools in 2002, where he has worked in operations and construction, as well as assets and inventory management.

Chris Rosson is responsible for ensuring operational consistency and identifying and allocating resources, people and information to meet company needs worldwide in his new position as Sr. Vice President of Global Resources. Chris has been with Knight Oil Tools for more than eight years. His previous position was Director of Global Business Development, where he was responsible for the worldwide implementation of Knight Oil Tools policies and procedures.

According to Mark Knight, "These three individuals have the experience, talent and track records to continue to grow our company in the global marketplace and ensure our commitment to customers and employees."

For more than 40 years, Knight Oil Tools has been providing "zero-failure" equipment and services to the oil and gas industry. With more than 50 locations worldwide, Knight Oil Tools has grown to include Rental Tool Services, Fishing Services, Manufacturing, Inspection and Hardbanding, and QHSE Training and Consulting – making it the largest privately held rental and fishing tools company in the world.
