Knight Oil Tools Exhibits at LAGCOE

Louisiana Gulf Coast Oil Exposition
Cajundome & Convention Center
Lafayette, LA
October 25 – 27, 2011

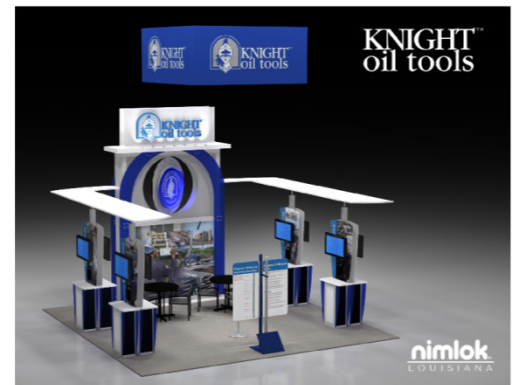

Knight Oil Tools will once again be exhibiting at the 2011 LAGCOE show with booth space that showcases all of the company's business units—Rental Tool Services, Fishing Services, Manufacturing, Well Services, Tri*Drill Services and Advanced Safety.

When you visit our booth, you'll see a working model of the new Megaton™ Drilling Jar as well as videos and animations of the Megaton drilling jar, pipe cleaning and thread protector cleaning machines, pipe baskets, whipstocks for casing exit operations and rigless plug and abandonment services. Featured for the first time within the Knight Oil Tools Exhibit Space will be Tri*Drill Services' pipe inspection and hardbanding services as well as Advanced Safety's vertical rescue, crane safety, client training and safety inspection services. "Because Knight Oil Tools and our business units are headquartered in Lafayette, LAGCOE has always been an important show for us," said President Mark Knight. "Lafayette is the gateway to the oil and gas operations in the Gulf of Mexico so it is important that we maintain our presence at LAGCOE," added Knight.

Focused on providing "zero-failure" equipment and service for 40 years, Knight Oil Tools has grown to be the largest privately held rental and fishing tools business in the oil and gas industry. Knight Oil Tools maintains an extensive inventory of high-quality products for safe, efficient and productive oilfield projects.

Operating from more than 30 locations across eight oil-producing states, Knight Oil Tools serves all phases of a well's lifecycle from exploration to abandonment. For more information, visit www.knighoiltools.com.

Spotlight

You'll find Knight Oil Tools' booth on the main aisle in the Exhibition Hall (Booth EH70).
