LAFAYETTE (October 15) – Knight publicly launches the *KnightMark*TM, announces Mark Knight, President.

The *KnightMark*TM symbolizes the **Knight Promise** to ensure **excellence** through safety and quality; **integrity** through trust and values; and **leadership** through accountability, innovation and technology for its customers, products, services and employees.

“This has been the philosophy of Knight and its four operational companies – oil tools, fishing services, well services and manufacturing from the onset,” Knight said. “And, we feel the public issuance of the *KnightMark*TM on all aspects of our business will continue to enforce our philosophy externally and internally.”

Focused on providing “zero failure” equipment and service for more than 35 years, Knight has grown to include Knight Oil Tools, Knight Fishing Services, Knight Well Services and Knight Manufacturing. The company is the largest privately held rental tool business in the oil and gas industry. Knight has an extensive inventory
