LAFAYETTE, La. (Sept. 29) - Knight recently announced William “Bill” Keenan as Vice President – Gulf Coast for Knight Fishing Services.

Keenan was previously a division manager for a rental and fishing services company; a contract fishing tool supervisor and an area manager for the Texas Gulf Coast for an oilfield service company. He also was a member of the safety leadership team for a major operator.

Keenan will be based in Corpus Christi, TX.

“Bill brings a new level of experience to our Gulf Coast team,” said President Mark Knight. “This added experience means a great deal considering the rate of growth we have seen over the past few years.”

He received an associate’s degree in business and industry from Texarkana Junior College and is an active member of the American Petroleum Institute.

Keenan is involved in the Coastal Conservation Association, Billfish Foundation and Quail Unlimited® and is a Master Mason No. 36 and a former board member of the Gulf Coast Conservation Association.

Focused on providing “zero failure” equipment and service for 35 years, Knight Oil Tools has grown to include Knight Fishing Services, Well Services and Manufacturing. The company is the largest privately held rental and fishing tools business in the oil and gas industry. Knight has an extensive inventory of high-quality products necessary for safe, efficient and productive oilfield projects.

Knight's 30 locations across eight oil-producing states serve all phases of an oil well's lifecycle from exploration to abandonment. For more information, visit www.knighoiltools.com.
